RONNIE BATES

for

Director

Little Ocmulgee EMC

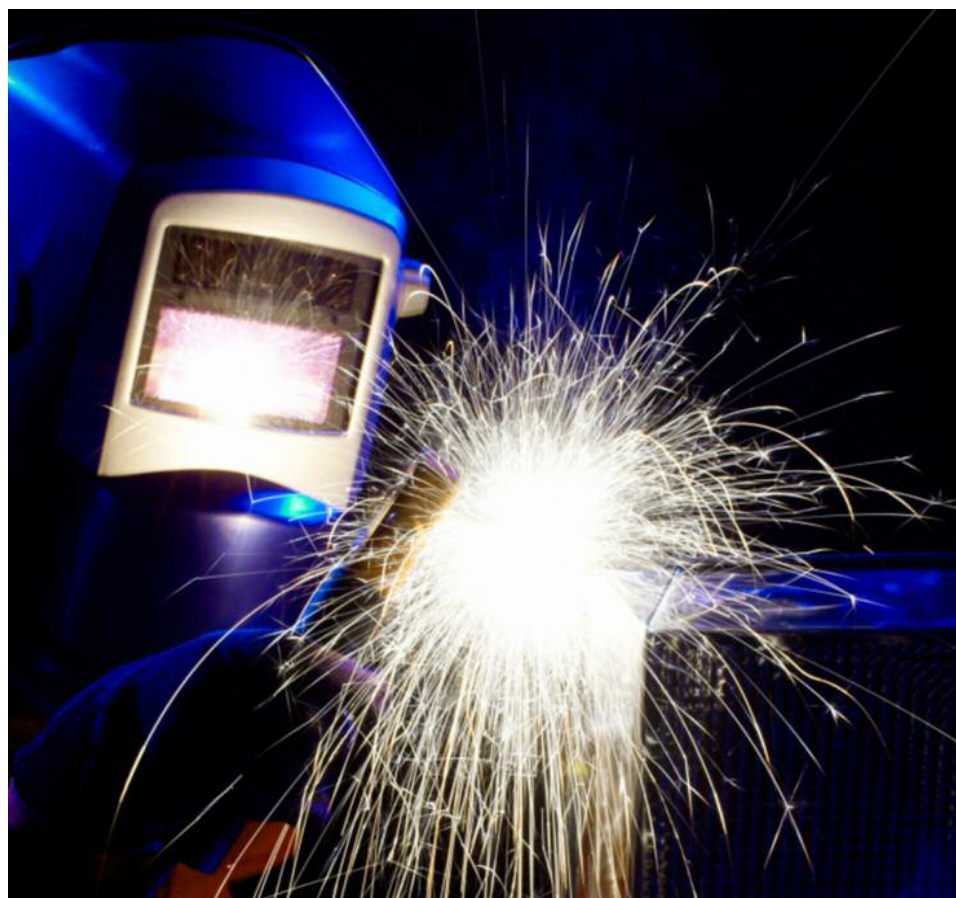

Hello, my name is Ronnie Bates, and I am excited for the opportunity to serve as your Director at Little Ocmulgee EMC. I was born and raised in rural Laurens County and have lived on Little Ocmulgee EMC lines my entire life. Like many of you, I came from a hard-working family. I know what it's like to struggle to pay a light bill. I have a deep appreciation for Little Ocmulgee EMC and the dedicated employees who work there to keep the lights on. I understand the value of friends, neighbors, and relatives, and I am dedicated and committed to continuing to provide our communities with safe, reliable, affordable electricity for many years to come.

I am married to Mandy Bates, and we have four children and 2 grandchildren. I have owned and operated B&S Industrial Contractors since 1998 as well as Bates Equipment Rental & Supply as of this year. I began working in the construction/welding field over 35 years ago and now I am proud to see how much the industry has grown that we now have over 50 employees and offer a wide range of services.

My desire to be director for the Little Ocmulgee EMC come from hard work and being a proven business person. I hope to bring experience and knowledge to the co-op that will yield great benefits for all the members. Although I'm not a politician, I have lifelong relationships with many members and business generated from open lines of communication and problem solving.

I have been a Member of Little Ocmulgee EMC since 1988, so I know they are a great group of employees. I truly consider it a privilege to have the opportunity to run for Board of Directors of an organization with such wonderful, dedicated staff. I would like to respectfully ask for your vote for the Board of Directors, and I would greatly appreciate your support. I look forward to meeting and talking with as many Members as possible between now and the upcoming Annual Meeting, and I look forward to seeing you in Alamo at the Wheeler County Recreation Department on Wednesday, November 10th. If you have any questions or concerns, please contact me at 478-290-7641

ELECT

DEE CULLENS

Director Little Ocmulgee EMC

A lot of times we are asked to fill the shoes of a mighty fine person. That person I am referring to is Grant Rowe, who was a Director for the Little Ocmulgee EMC for many years. He served in that position very unselfishly. I would like to officially announce that I'm going to try to fill those shoes to the best of my ability! I am asking you to please vote for me as a Director that represents parts of Laurens County, Wheeler County and Telfair County, as well as small portions of Montgomery County and Dodge County. The election will be Nov. 10 at the Little Ocmulgee EMC Annual Meeting. Because of the COVID-19 pandemic, it will be held as a drive-thru Annual Meeting, most likely at the Wheeler County Gym in Alamo. Changes will be announced!

Information about myself:

- Lifelong resident of Laurens County.
- Dee Cullen, along with wife, Phyllis, of 44 years, were owners of Cullen Equipment Co., a family-owned John Deere dealership, for more than 30 years.
- Lifelong member of Jefferson Street Baptist Church.
- After college, learned a strong work ethic by farming with my uncle, Bo Perry, grandfather, Tom Gilder, farms in lower Laurens County.
- My passion for serving my fellow man has given me the opportunity to serve on several boards with a main vision of growth and improvement!
- Director at Morris Bank for 40 years, retiring at the end of this year.
- Served as Director of the Laurens County Farm Bureau.
- Former President of the Laurens County Cattleman's Association.
- Served as Director of the Dublin Rotary Club.
- Served as Director of the Dublin Recreation Authority.

I, Dee Cullen, humbly ask for your support and vote for Director of Little Ocmulgee EMC!

If you have any questions or suggestions, please contact me at (478) 984-6115.

Thank You!

Remembering World War II

The Tide Turns in the Pacific

During 1941 and early 1942, Japan had a string of victories in the Pacific, starting with their attack on Pearl Harbor and Wake Island in December of 1941. Simultaneous with these attacks, the Japanese attacked the Philippines. The Philippines had been a U.S. colony until 1936, when it became a U.S. Commonwealth, much like Puerto Rico is today, and so there were U.S. troops stationed there, who fought alongside Filipino nationals against the Japanese. The battle of the Philippines lasted until May of 1942, and is generally considered one of America's worst defeats, with an estimated 23,000 U.S. soldiers killed or captured, and an estimated 100,000 Filipinos killed or captured. Despite Japan's initial victory in the Philippines, the Japanese were continuously harassed by Filipino guerillas for the next few years, allowing the Japanese to control only a small portion of the Philippines. The Japanese were finally driven out of the Philippines in 1944 when General MacArthur returned, though some Japanese troops continued to occupy and fight in parts of the Philippines until the end of the war. (In fact, the last of the "Japanese holdouts" was a soldier named Hiroo Onoda, who hid in the jungles of the Philippines until 1974!)

In April of 1942 things started to turn for the Allies. The Doolittle Raid on April 18, 1942 was an air raid on Tokyo and Honshu province, and served several purposes. It served as retaliation for Pearl Harbor, it showed that the Japanese mainland was vulnerable to U.S. attacks, and it was a boost to morale for the Allies. Following up on this were two strategic victories for the Allies: the Battle of the Coral Sea (May 4-8, 1942) and the Battle

of Midway (June 4-7, 1942). Japan lost four aircraft carriers in the Battle of Midway, and after this battle, the loss of both materiel and manpower was too great for Japan to keep up with replacement needs, whereas the industrial power of the United States could readily do so.

While there were many other battles in the Pacific theater, the tide had definitively turned by 1943, despite there being two more years of fighting in various parts of the Pacific. One of the more disturbing facts about the war in the Pacific is that the Japanese code of honor considered defeat to be a terrible humiliation, and they would rather die than surrender or be captured. This led to Japan using Kamikazes towards the end of the war, that is, pilots who would fly their planes (loaded with explosives and fuel) into aircraft carriers. Another unfortunate consequence of the Japanese code of honor were Japanese soldiers, so-called "Japanese holdouts," who hid in caves or deep in the jungles of islands in the Pacific. Many of these were found during the 1940s, -50s and -60s, and the last of these Japanese holdouts were not found until the 1970s, almost 30 years after the end of the war. One of the last was Shoichi Yokoi, who was found on Guam on January 24, 1972 by local fishermen, who he attacked, thinking that his life was in danger. Upon his return to Japan, he is quoted as saying "It is with much embarrassment that I return." Despite having known since 1952 that the war was over, he explained his reasons for staying hidden by saying "We Japanese soldiers were told to prefer death to the disgrace of getting captured alive."
