**Why you need dental insurance in retirement.**

Many Americans are fortunate to have dental coverage for their entire working life, through employer-provided benefits. When those benefits end with retirement, paying dental bills out-of-pocket can come as a shock, leading people to put off or even go without care.

Simply put - without dental insurance, there may be an important gap in your healthcare coverage.

**When you're comparing plans...**

- Look for coverage that helps pay for major services. Some plans may limit the number of procedures - or pay for preventive care only.
- Look for coverage with no deductibles. Some plans may require you to pay hundreds out of pocket before benefits are paid.
- Shop for coverage with no annual maximum on cash benefits. Some plans have annual maximums of \$1,000.

**Medicare doesn't pay for dental care!**

That's right. As good as Medicare is, it was never meant to cover everything. That means if you want protection, you need to purchase individual insurance.

**Early detection can prevent small problems from becoming expensive ones.**

The best way to prevent large dental bills is preventive care. The American Dental Association recommends checkups twice a year.

**Preventable dental work can wear out.**

Even if you've had quality dental work in the past, you shouldn't take your dental health for granted. In fact, your odds of having a dental problem only go up as you age.

**Treatment is expensive - especially the services people over 50 often need.**

Consider these national average costs of treatment... \$217 for a checkup... \$189 for a filling... \$1,219 for a crown. Unexpected bills like this can be a real burden, especially if you're on a fixed income.

**DENTAL Insurance**  
from Physicians Mutual Insurance Company

**Helps keep more money in your pocket!**

- Go to any dentist you want
- Helps pay for over 350 procedures
- No deductible, no annual maximum on cash benefits

|--|------------------------------|
| 1 (15 Ounce) Can Pumpkin Puree                         | 1/2 Teaspoon Ground Ginger   |
| 1 (14 Ounce) Can Eagle Brand® Sweetened Condensed Milk | 1/2 Teaspoon Ground Nutmeg   |

| 1 Teaspoon Ground Cinnamon                             | 1 (9 Inch) Unbaked Pie Crust |

Preheat the oven to 425 degrees F (220 degrees C). Whisk pumpkin puree, condensed milk, eggs, cinnamon, ginger, nutmeg, and salt together in a medium bowl until smooth. Pour into crust. Bake in the preheated oven for 15 minutes. Reduce oven temperature to 350 degrees F (175 degrees C) and continue baking until a knife inserted 1 inch from the crust comes out clean, 35 to 40 minutes. Let cool before serving.

# Best Lemon Bars

- |                          |                           |
|--------------------------|---------------------------|
| <b>Crust:</b>            | <b>Filling:</b>           |
| 2 cups all-purpose flour | 1 1/2 cups white sugar    |
| 1 cup butter, softened   | 1/4 cup all-purpose flour |
| 1/2 cup white sugar      | 4 eggs                    |
|                          | 2 lemons, juiced          |

Preheat the oven to 350 degrees F (175 degrees C). To make the crust: Blend 2 cups flour, softened butter, and 1/2 cup sugar in a medium bowl until well combined; press into the bottom of an ungreased 9x13-inch pan. Bake in the preheated oven until firm and golden, about 15 minutes. Meanwhile, make the filling: Whisk remaining 1 1/2 cups sugar and 1/4 cup flour in a medium bowl. Whisk in eggs, then lemon juice until smooth; pour filling over the baked crust. Bake in the preheated oven for 20 minutes. Set the pan aside to cool completely; the bars will firm up as they cool. When cooled, cut into uniform squares.
