## Chocolate Cake Mix Cookies

- |   |                                 |
|---|---------------------------------|
| 1 package (8 ounces) cream cheese, softened | 1 package chocolate cake mix    |
| 1/2 cup butter, softened                    | (regular size)                  |
| 1 egg                                       | 1 cup semisweet chocolate chips |
| 1 teaspoon vanilla extract                  | 1 cup peanut butter chips       |

Preheat oven to 375°. In a large bowl, beat cream cheese and butter until smooth. Beat in egg and vanilla. Add cake mix; beat on low speed until blended. Stir in chocolate and peanut butter chips. Drop by rounded tablespoonfuls 2 in. apart onto greased baking sheets. Bake 10-12 minutes or until set. Cool 3 minutes before removing to wire racks. Store in an airtight container.

## Chocolate & Peanut Butter Crispy Bars

- |  |                            |
|--|----------------------------|
| 1 package fudge brownie mix (13x9-inch pan size) | 1 cup creamy peanut butter |
| 1-1/2 cups chunky peanut butter                  | 3 cups Rice Krispies       |
| 2 cups semisweet chocolate chips                 |                            |

Line a 13x9-in. baking pan with parchment, letting ends extend up sides. Prepare and bake brownie mix according to package directions, using prepared pan. Cool in pan on a wire rack 30 minutes. Refrigerate until cold. Spread chunky peanut butter over brownies. Place chocolate chips and creamy peanut butter in a large microwave-safe bowl. Microwave in 30-second intervals until melted; stir until smooth. Stir in Rice Krispies; spread over chunky peanut butter layer. Refrigerate, covered, at least 30 minutes or until set. Lifting with parchment, remove brownies from pan. Cut into bars. Store in an airtight container in the refrigerator.

## Triple Layer Pretzel Brownies

- |                         |  |
|-------------------------|--|
| 3 cups crushed pretzels | 1 package fudge brownie mix (13x9-inch pan size) |
| 3/4 cup butter, melted  | 3/4 cup semisweet chocolate chips                |
| 3 tablespoons sugar     | 1/2 cup creamy peanut butter                     |

Preheat oven to 400°. In a small bowl, combine pretzels, butter and sugar. Press into an ungreased 13x9-in. baking dish. Bake 8 minutes. Cool on a wire rack. Reduce heat to 350°. Prepare brownie mix batter according to package directions. Pour over prepared crust. Bake 35-40 minutes or until a toothpick inserted in the center comes out with moist crumbs (do not overbake). Cool completely on a wire rack. In a microwave, melt chocolate chips and peanut butter; stir until smooth. Spread over top. Refrigerate 30 minutes or until firm. Cut into bars. Store in an airtight container.

## Why you need dental insurance in retirement.

Many Americans are fortunate to have dental coverage for their entire working life, through employer-provided benefits. When those benefits end with retirement, paying dental bills out-of-pocket can come as a shock, leading people to put off or even go without care.

Simply put – without dental insurance, there may be an **important gap** in your healthcare coverage.

### When you're comparing plans...

► Look for coverage that helps pay for major services. Some plans may limit the number of procedures – or pay for preventive care only.

► Look for coverage with no deductibles. Some plans may require you to pay hundreds out of pocket before benefits are paid.

► Shop for coverage with no annual maximum on cash benefits. Some plans have annual maximums of \$1,000.

### Medicare doesn't pay for dental care.<sup>1</sup>

That's right. As good as Medicare is, it was never meant to cover everything. That means if you want protection, you need to purchase individual insurance.

### Early detection can prevent small problems from becoming expensive ones.

The best way to prevent large dental bills is preventive care. The American Dental Association recommends checkups twice a year.

### Previous dental work can wear out.

Even if you've had quality dental work in the past, you shouldn't take your dental health for granted. In fact, your odds of having a dental problem only go up as you age.<sup>2</sup>

### Treatment is expensive – especially the services people over 50 often need.

Consider these national average costs of treatment ... \$217 for a checkup ... \$189 for a filling ... \$1,219 for a crown.<sup>3</sup> Unexpected bills like this can be a real burden, especially if you're on a fixed income.
