Bean And Cheese Quesadillas

1 can (16 ounces) refried beans
1/2 cup canned petite diced tomatoes
2 green onions, chopped

12 flour tortillas (8 inches)
2 cups shredded cheddar cheese
Optional: Sour cream and salsa

In a small bowl, mix beans, tomatoes and green onions. Spread half the tortillas with bean mixture. Sprinkle with cheese; top with remaining tortillas. Heat a griddle over medium heat. Place tortillas on griddle in batches. Cook until golden brown and cheese is melted, 2-3 minutes on each side. If desired, serve with sour cream and salsa.

Avocado Fruit Salad With Tangerine Vinaigrette

3 medium ripe avocados, peeled and thinly sliced
3 medium mangoes, peeled and thinly sliced
1 cup fresh raspberries
1 cup fresh blackberries
1/4 cup minced fresh mint
1/4 cup sliced almonds, toasted

DRESSING:
1/2 cup olive oil
1 teaspoon grated tangerine or orange zest
1/4 cup tangerine or orange juice
2 tablespoons balsamic vinegar
1/2 teaspoon salt
1/4 teaspoon freshly ground pepper

Arrange avocados and fruit on a serving plate; sprinkle with mint and almonds. In a small bowl, whisk dressing ingredients until blended; drizzle over salad.

Cherry Pie Chimis

2 cans (21 ounces each) cherry pie filling
6 flour tortillas (10 inches)
Oil for deep-fat frying

Spoon pie filling down the center of each tortilla; fold sides and ends over filling and roll up. Secure with toothpicks. In an electric skillet or deep fryer, heat oil to 375°. Fry chimichangas, a few at a time, for 2 minutes on each side or until golden brown on both sides. Drain on paper towels. Dust with confectioners' sugar. Serve immediate

Why you need dental insurance in retirement.

Many Americans are fortunate to have dental coverage for their entire working life, through employer-provided benefits. When those benefits end with retirement, paying dental bills out-of-pocket can come as a shock, leading people to put off or even go without care.

Simply put – without dental insurance, there may be an important gap in your healthcare coverage.

When you're comparing plans...

- ▶ Look for coverage that helps pay for major services. Some plans may limit the number of procedures – or pay for preventive care only.
- ▶ Look for coverage with no deductibles. Some plans may require you to pay hundreds out of pocket before benefits are paid.
- ▶ Shop for coverage with no annual maximum on cash benefits. Some plans have annual maximums of \$1,000.

Medicare doesn't pay for dental care.
That's right. As good as Medicare is, it was never meant to cover everything. That means if you want protection, you need to purchase individual insurance.
Early detection can prevent small problems from becoming expensive ones.
The best way to prevent large dental bills is preventive care. The American Dental Association recommends checkups twice a year.

Previous dental work can wear out.
Even if you've had quality dental work in the past, you shouldn't take your dental health for granted. In fact, your odds of having a dental problem only go up as you age.
Treatment is expensive — especially the services people over 50 often need.
Consider these national average costs of treatment ... \$217 for a checkup ... \$189 for a filling ... \$1,219 for a crown.³ Unexpected bills like this can be a real burden, especially if you're on a fixed income.

"I don't worry"
"Now that I have your dental policy, I don't worry about going to the dentist. I love your plan – you pay what you say!"
